Will: Am forwarding these to you to review Gary's narrative remarks for you to review (see his question).

Gary: In the meantime, can you go back to CES Assessment and color in your chosen response to "timeliness"? Thanks!

Gary, 1-042-14-11 is, in fact, an error; please disregard and I will delete from the list. The rest are correct. Thank you for calling this to my attention.

Ginny:

Can you confirm these TDDs?

1	1-042-14-11	CES Environmental Services Removal Assessment	Moore
1	1-042-14-30	CES Environmental Services Removal Action	Moore
1	1-042-16-01	Kaufman Malathon	Moore
1	5-042-14-10	Trottner Iron & Metal Assessment	Moore
1	5-042-14-11	CES Environmental Services Removal Assessment	Moore

I think that 1-042-14-11 and 5-042-14-11 may be the same. Do you know the difference? Is one for the ER Assessment and one for the Removal assesement?

Is the TDD number 1-042-14-30 correct? Is the 30 correct?

Attached is a list of active sites during Weston Year 10 (6/22/15 – 06/21/15) based on MPRs from June 2015. As in the case of DYNAMAC, if there are sites of yours that are missing or sites that need to be deleted from this list, please let me know. I will amend the lists accordingly and you can complete your forms accordingly.

Because of the volume, I've arranged these for you individually to make it a little easier. Will asks that you send the completed evaluations to him and cc. me by COB Friday, 08/05. Additionally, please be fairly elaborative in your narratives – at least two sentences.

Thank you.
